Correction: Psychiatric symptoms in patients with non-valvular atrial fibrillation

Manar Yossef¹, Reham Amer^{1*}, Hatem Elsokkary² and Gamal Shama¹

Correction: *Middle East Curr Psychiatry* 29, 105 (2022)

<https://doi.org/10.1186/s43045-022-00268-z>

In this article [1] the Author contributions statement was incorrectly given as 'LAA: direct supervisor for the initial draft of the original thesis regarding structure and sequential arrangements. MHM: chapter division and revision of the data and discussion. HHE: step by step supervision and reference check as well as provision of material for research. YMA: review of scales application, data presentation as well as patient selection with review of the whole paper. AHER: review of the paper, data provision and reference provisions, review of the discussion and result as well as review of the original thesis. NAS: main researcher, data collection and patient selection, application of scales and TMS procedures as well as conducting the data analysis with statistician and write up of the thesis and paper. All authors read and approved the final manuscript.'

The correct statement should have been 'MY: Literature search, psychiatric assessment of all participants, data acquisition, data analysis, statistical analysis, manuscript preparation and first draft. RA: Conception and design of the work, literature search, reviewing data analysis, reviewing the statistical analysis, manuscript writing and

reviewing. HE: Conception and design of the work, literature search, cardiology assessment of the participants, reviewing data analysis and statistical analysis. GS: Conception and design of the work, reviewing data analysis, reviewing the statistical analysis, and critical revision of the manuscript. All authors read and approved the final manuscript'

The original article [1] has been corrected.

The publisher would like to apologise for this error.
